

E-PEST SURVEILLANCE AND PEST MANAGEMENT TRAINING UNDER RKVY: Every year major crops like Paddy, Pulses and Cereals in Odisha are threatened by Pests and Insects. Absence of Monitoring and lack of Surveillance in managing the pests cause a large scale loss to the production of the annual hopes of our farmers. E-Surveillance and Pest Management which comes under Integrated Pest Management Programme of our Govt. is one of the popular interventions for addressing the above problems of our farmers. As a part of the programme DRC was fortunate being the organizer of One day training on E-Surveillance and Pest management Programme at FIAC Centre. The participants were agricultural officers like VAW, AAO and KrushakSaathi. The Resource Persons were the Govt. Officers.
